PLEASE NOTE:

- This is a flexible scale based on FRL % rates and school budget. We are always willing to work with your school in order to meet student needs.
- Per class describes a class of under 22 students. If more are enrolled, a second class or additional instructor would need to be discussed with Colorado Ballet.
- On occasion, Colorado Ballet's Education & Community Engagement department will receive grants specific to certain schools/neighborhoods. This will often decrease fees for the school and allow for full dancewear outfits.
- Ticket vouchers are distributed only when available.
